

Hempland Primary School

Covid 19 - Amendments to Behaviour policy

Introduction and rationale

During lockdown, our school will be operating in exceptional circumstances. This includes unusual working patterns, unfamiliar daily routines and new health and safety routines. In order to keep pupils, staff and parents as safe as we can, and in line with the DfE guidance on returning to school, we have amended our school rules to incorporate the new restrictions and expectations.

Additional temporary school rules

In order to keep yourself and others safe, you will be allowed to attend school if you can follow these rules:

- Stay where you are asked to be at all times
- Follow instructions the first time (for younger children, after a warning)
- Touch only your own possessions and resources that you have been given
- Keep your hands to yourself and do not touch others
- Avoid putting objects in your mouth, spitting and shouting
- Follow the handwashing and hygiene plan that will be shared by your teacher

Failure to follow rules

If a child fails to follow these rules, the following will occur:

1. Your child will be guided to a quiet safe space away from others.
2. We will contact you to discuss the behaviour.
3. You may be asked to collect your child.
4. We will discuss future provision for your child with you.

Failure to keep safe may result in your child not being able to access face-to face learning and alternatives may be offered by the school.
