

Year 2 Autumn Term 1 – Activity Grid

PIRATES!

<p style="text-align: center;">Geography</p> <p>Create your own world map, showing the seven continents and five oceans. Use a picture of the world or a globe to help you get the shapes of the continents and then label them. Once completed you could cut your picture into pieces to make it into a fun jigsaw you could do over and over!</p>	<p style="text-align: center;">Art</p> <p>This half term we are concentrating on drawing - using line and space. Linking with the activity to design your own pirate ship, why don't you learn how to draw a brilliant cartoon pirate ship here: https://www.youtube.com/watch?v=yG1DMsQK74M</p>	<p style="text-align: center;">Maths</p> <p>Create your own Pirate themed board game. This could be a snakes (walk the plank) and ladder (climb the rigging) style with numbers to 100 or you could even try and make it addition and subtraction based.</p>
<p style="text-align: center;">Story Writing</p> <p>Write a story all about a pirate stealing some treasure. How did they find the treasure? How did they get the treasure off the person it belonged to? What did they do with the treasure afterwards? Where did they hide it?</p>	<p style="text-align: center;">Art</p> <p>This half term we are concentrating on drawing - using line and space. Follow this tutorial of how to draw a self portrait: https://www.youtube.com/watch?v=uXIO6ocidiY Stop the video each time it asks you to do something so that you have time to do it. Use a mirror to help you make sure that you have all the detail on your faces!</p>	<p style="text-align: center;">Pirates</p> <p>Do some research on pirate ships. What different sort of pirate ships are there? What parts of a pirate ship do you know? Can you find out the names of different parts of the ship? Design your own pirate ship and label the different parts. If you are feeling creative you could make your own ship out of junk modelling!</p>
<p style="text-align: center;">Phonics</p> <p>Create your own bin and treasure game. Make the bin and the treasure chest (drawn or made!!) and then write real and alien words. Be sure to get the spellings correct for the real words. You could always tie this in with your spelling practice of the words we have sent home this half term.</p>	<p style="text-align: center;">Pirates (history)</p> <p>Research a famous pirate! What can you find out all about them? Make a poster or fact file all about that pirate. Remember to include drawings, labels and fun facts!</p>	<p style="text-align: center;">Art</p> <p>Learn more about York based artist Kate Semple and how she makes her patterned art. You could make a sea/pirate inspired picture. Decide what you would like to show and which colours you will need. On separate pieces of paper create patterns using only one colour. Then turn over the papers and draw the shapes you want. Cut out your shapes and assemble your artwork!</p>
