

Year 2 Autumn Term 2 – Activity Grid

To infinity and beyond...!

<p>Design and Technology</p> <p>Build a space buggy using junk modelling. This could be a buggy you have to push for it to move, or if you are feeling adventurous you could find a way of making it move without touching it!</p>	<p>Art</p> <p>This half term we are concentrating on painting and the artist we are studying is Kandinsky. Research one of Kandinsky's paintings and see if you can recreate it.</p>	<p>Maths</p> <p>Create your own space themed board game. This could be a snakes and ladders style with numbers to 100 or you could even try and make it addition and subtraction based.</p>
<p>Story Writing</p> <p>Write a story all about an astronaut lost in space. How did they become lost? How will they get back to Earth? Who do they meet while they are lost? Where did they go?</p>	<p>Art</p> <p>Have a go at following these Rob Biddulph instructions on how to draw an amazing alien. https://www.youtube.com/watch?v=UfJw8XW81AI</p>	<p>Rockets</p> <p>Do some research on rockets. What different sort of rockets are there? What parts of a rocket do you know? Design your own rocket and label the different parts. If you are feeling creative you could make your own rocket out of junk modelling!</p>
<p>Phonics</p> <p>Create your own Obb and Bob alien game. Make the two aliens (drawn or made!!) and then write real and alien words. Be sure to get the spellings correct for the real words. You could always tie this in with your spelling practice of the words we have sent home this half term.</p>	<p>Space (history)</p> <p>Research a famous space event! What can you find out all about them? Make a poster or fact file all about the event you have chosen. Remember to include drawings, labels and fun facts!</p>	<p>Music</p> <p>Watch this video with no sound on. https://www.literacyshed.com/thewaybackhome.html Why don't you create your own composition to accompany the film by playing instruments (objects) or using body percussion at home! Record yourself to show us!</p>
