

Year 1 Homework Activity Grid

Summer 1

Feather, Fur and Whiskers!

Here are some extra things you could do at home linked with our Year 1 topic and curriculum. You could do one project, one a week or try them all if you want! You don't need to show us your work but if you would like to then we would love to see what you have been getting up to! You can do your work in this book or take a photo and stick it in. Please hand your homework book in on the last week of each half term so that we can get next half term's grid stuck in!

Animals!

Make a list of animals that people keep as pets! Which one would you like to have and why? If you want you could research your favourite pet and create your own information booklet all about it. Draw a picture of the animal and label its features too e.g., whiskers or feathers or claws.

Computing

Safely use the internet to access [BBC Teach School Radio](https://www.bbc.co.uk/teach/school-radio/english-ks1--ks2-tales-of-beatrix-potter-home/zv78f4j) to listen to audio stories of Beatrix Potter. What was your favourite part of the story? Write it down to share with the class!

<https://www.bbc.co.uk/teach/school-radio/english-ks1--ks2-tales-of-beatrix-potter-home/zv78f4j>

Healthy Eating

It is important to eat a range of different foods to keep healthy. Try some healthy foods you haven't had before. Make a chart of foods you liked and foods you didn't like.

Can you encourage your family members to try some new foods too?

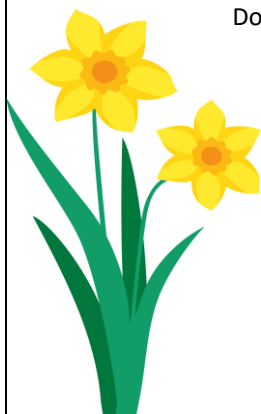

Seasons Art

Do some spring printings using a range of materials and objects that you find outside?

Can you use a leaf or flower petals to create a repeating pattern?

Think carefully about the colours you would see in Spring.

Dance

This half term we are doing dance in PE.

Pick your favourite song and use some of the moves we will be learning in PE to create a dance to perform to your family.

All around the world!

Can you find out research these animals and find out which continent(s) they live in?

Use a computer or tablet with an adult then see if you can find the continents on a world map
