

# Year 3 Homework Activity Grid

## Summer 1

### History

In History this half term our topic is  
The Stone Age.

Conduct some research into Stone Age houses and then have a go at creating your own 3D model using natural materials.

Make some notes about the different materials people in the Stone Age would have used - can you use any of the same materials?

### Science

In science this half term our topic is  
Rocks, Soils and Fossils.

This half term we are learning about different types of rocks - igneous, sedimentary and metamorphic.

Make a poster or information leaflet all about the different rock types and tell someone in your family everything you know about rocks!

### PSHE

In PSHE this half term our topic is  
Being my Best.

We would love to see or hear about any of your achievements from things that you do at home. If you have picked up a new skill, have spent

more time practicing one you are good at or have achieved a new level in something then bring it in to show us!

### French

In French this half term our topic is  
Fruits and Vegetables.

Scan the QR codes and play some of the French games to practise what we have been learning!

### Art

In Art this half term our topic is  
Painting.

This half term we will be learning about Vincent Van Gogh. Conduct some further research at home and then try to recreate some of his more famous works using any medium you want! Paint, pastels, pencils! The choice is yours!

### PE

In PE this half term, we are looking at Outdoor  
Adventurous Activities!

Mr Buckett is a keen hiker and loves sharing trails and routes with the children and showing them all the beautiful places on our doorstep that we can enjoy! In return, both he and Mrs Day would love to see pictures and hear an explanation of a great outdoor, adventurous hike *you've* been on with your family!
